Forgot to add the expert report.

I'm sure I'm forgetting other items as well. HQ would have to add their costs and the cost of consulting services from ERG.

Chris A. Lister
Environmental Engineer

Subject: FW: Hydro Fracturing

Chris you are unfortunately the person with most of this information more readily available. Take a look at the original request below from Dannell Brown requesting costs including, “ the amount spent by EPA for all testing and any other assessments and other work done by the Agency and related hydraulic fracturing in Parker County, TX. This amount should include resources spent, including payroll and FTE. “ Obviously this will be a very best guess on the FTE side. Start thinking about how to put this together and we can talk with jerry tomorrow to see if he has any concerns or thoughts.

Hi Mike,

Thank you for the assistance and the redirection.

Susan Jenkins
Chief, Accounting Services Section
U.S. EPA, Region 6
1445 Ross Ave, Suite 1200
Dallas, TX 75202
Office (214) 665-6578

Dannell,

This is clearly related to the Range Resources enforcement order issued through 6EN. You should contact either Jerry Saunders, the branch chief, or Willie Lane, the section chief, for a response to this. I was only involved as an observer of a limited amount of sampling. They were the lead.

Michael Overbay, P.G.

Regional Groundwater Center Coordinator
US Environmental Protection Agency, Region 6

Subject: Hydro Fracturing

Michael,

I appreciate you taking the time to respond to my question earlier (via Susan). I have been asked by ORD to provide for the record the amount spent by EPA for all testing and any other assessments and other work done by the Agency and related hydraulic fracturing in Parker County, TX. This amount should include resources spent, including payroll and FTE. I know that this may be an implausible request, but if you have any information regarding any work the Region may have done in Parker, please let me know. Also, if you know of anyone in 6PD that may have done some work there, please let me know.

Thanks,

Dannell Brown
Management Analyst, Strategic Planning
Office of the Comptroller, EPA Region 6
